MASTER IN SUPPLY CHAIN AND PURCHASING MANAGEMENT

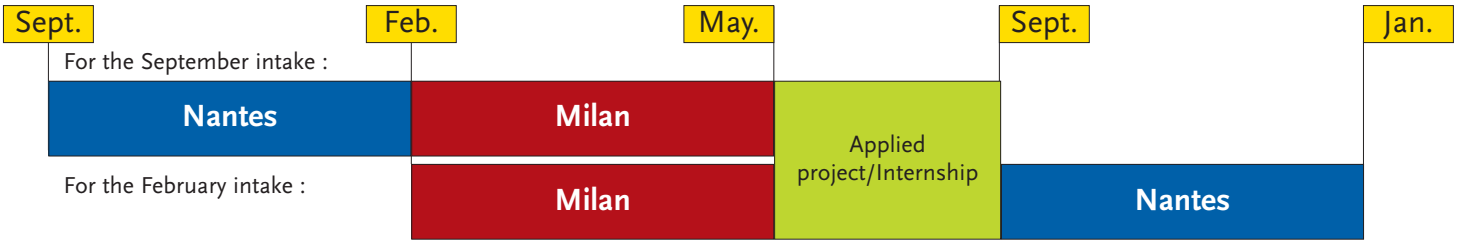

EUROPEAN DOUBLE DEGREE

Nantes Milano

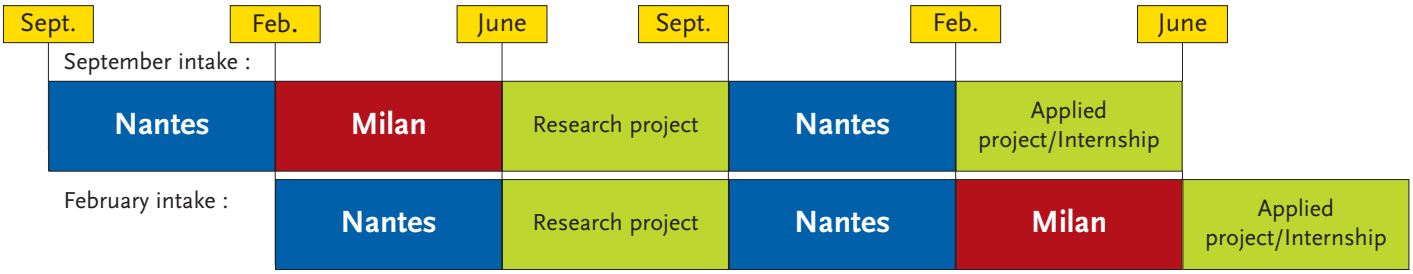

MIP Politecnico di Milano and **Audencia Nantes School of Management** have joined forces to offer a European double degree, **the only one of its kind in the world**.
The aim of the programme is to train specialised managers in supply chain and purchasing who will be contributing to the **development of companies in an international environment**.

- **Programme 100% in English**
- Offered by two world-renowned institutions **with international academic accreditations**
- **International focus** with **exposure to global industries** and **professors from around the world**
- Practical focus with **corporate participation**
- 20% of the programme concentrating on applied knowledge in leading industries
- **Two intakes** per year, open to 3-year and 4-year Bachelor's degree holders
- Professionally accredited **by industry leaders like the Chartered Institute of Purchasing and Supply.**

One-year programme for applicants with a 4-year degree in business, management or engineering:

An Extended programme (16 to 22 months) for applicants with at least a 3-year degree in other subjects:
