About UIC Barcelona

Since 1997, UIC Barcelona has been teaching students based on a philosophy of academic rigour, enriching university life and fulfilling life experiences. Our academic institution is home to more than 9,000 students. We offer sixteen bachelor's degrees, around thirty international double degrees and a wide range of master's and postgraduate degrees and continuing education courses.

We offer personalised support, a comprehensive approach to each student, strong links to the professional world and innovative teaching and research methods. We hold people at the centre of our mission, in both the personal and professional sense, so that each member of our community can reach their full potential.

We strive to promote knowledge, research and knowledge transfer.

We are connected to society and companies through fifteen chairs, five company-sponsored classrooms, five research institutions and three university clinics.

At our institution, we are driven by rigour and a critical spirit; we strive to grow and better ourselves to have a positive impact on society. The search for excellence is rooted in our DNA, and effort and drive for self-improvement are our catalysts for change. This ambition can be found in the people and activities at UIC Barcelona.

University life

Experience the best university experience at UIC Barcelona.
Studying at UIC Barcelona involves all-round personal growth.
Sports, charity and culture are university values that we encourage.

Student Services

At Student Services, we facilitate students' integration into the university system. **We will provide you with information about extracurricular activities, grants, your university student card, etc.**

If you need accommodation during your time at the university, the Student Service team will guide you on student residences, accommodation and other services, depending on your needs. We are part of the Barcelona Centre Universitari (BCU), the official welcome and guidance service for the students and university teachers and researchers who come to Barcelona. On the BCU's website you will find information about all kinds of accommodation in Barcelona and the surrounding area.

At Student Services, we will try to answer your questions and encourage you to take part in as many activities as possible.

At UIC Barcelona we promote and organise sports activities and competitions, and we provide discounts and special offers to help you access sports facilities to keep you in shape and live healthier lives. Throughout the academic year, we organise charitable activities in cooperation with multiple institutions and advise regarding volunteer work. You can take an active part in **#UICSocialDay** a day on which the whole University comes together to help those most in need. You can also form part of theatre, debate, painting and music groups, which foster **the cultural side of UIC Barcelona and help you acquire more skills and values.**

Gospel choir concert. Christmas party

Official women's rugby team. Catalonia University Championships

An international experience

UIC Barcelona's international commitment is evident in the very name of our University, and encompasses every single one of our activities. We are open to the world, which is clear from our wide range of international agreements and mobility programmes for students, teaching staff and researchers.

We offer over 30 international double degrees.

At UIC Barcelona, English is the vehicular language on some degree programmes, and you will have to chance to partake in many activities with the international community.

Professional Strategies

UIC Barcelona is connected to the needs of society and companies. For that reason, it complements your academic education **with a comprehensive career guidance service** for both students and graduates.

Guidance and Coaching

All UIC Barcelona students have their own personal advisor. They can help you with things such as time management, stress management and study methods. After completing your bachelor's degree, you will receive support from a coach, who can help you successfully navigate the period between finishing your degree and starting your career. **By the time you finish your degree, we want you to have a high level of soft skills.**

Chaplaincy

The chapel is a place for **reflection, dialogue and gravity,** and it holds activities that are open to the university community as a whole.

Alumni and Careers

Alumni are students who have completed a diploma, undergraduate degree, bachelor's degree, postgraduate degree, clinical residency, master's degree or doctorate at UIC Barcelona.

Being a university student is a way of living and seeing life. **Being a UIC Barcelona alumnus means carrying those values with you wherever you go.** The UIC Barcelona alumni community has more than 25,000 members. Be part of our community.

Nacho

"I believe that UIC Barcelona offers many advantages, very high quality teaching staff and facilities, and in addition, is constantly innovating and reinventing itself. It deals with each student in a very personalised way and enables us, through work with modern scientific articles, to be critical and really learn about the profession today. You also grow a lot through the work practice, both because of the volume and the high-quality, in preclinic and in the University Dental Clinic."

Nacho Garcia Sala
Dentistry Alumni

OUR BACHELOR'S DEGREE IN DENTISTRY IS THE 1st IN SPAIN*

We aim to train people to become professionals who are capable of tackling the prevention, treatment and rehabilitation of oral and dental diseases based on good criteria and skill.

The solid academic education we provide is complemented by intensive practical sessions in the University Dental Clinic. We are located on the university's Sant Cugat Campus, with a total area of more than 40,000 m^2. We provide a fantastic environment in which to put into practice all your talent and the knowledge you have acquired. Through this degree programme you will become a professional who is capable of applying scientific knowledge and the technical skills acquired to the diagnosis, treatment and rehabilitation of oral and dental diseases.

Prospective students

If you are a person with initiative, commitment to society and vocational attitude in the field of science and healthcare, this is your degree.

At UIC Barcelona, we work to boost the following abilities:

— Organisation skills, good memory and motivation
— Good decision-making skills
— Psychological qualities and empathy
— Emotional balance
— An interest in research
— Responsibility
— Observation skills
— Teamwork

Professional opportunities

Employment leaders. With a Bachelor's Degree in Dentistry from UIC Barcelona, you will have access to professional opportunities in three main areas. UIC Barcelona also offers continuing education after graduation, and **97% of qualified students find work in less than three months.**

Healthcare
— Your own dental surgery
— Dental care in other clinics or as a consultant
— The national healthcare network
— Private hospitals that provide dental services

Teaching
— Universities
— Specialised centres
— Vocational training courses

Research
— In all fields of dentistry

Dental Companies
— Consulting

10 semesters – 300 ECTS – 120 places
Sant Cugat Campus – Spanish, Catalan and English
From September to June

STUDY PROGRAMME

1

ECTS	SEMESTER 1
6	Anthropology
6	Human Biology I
6	Human Biology II
6	Structure and Function of Head and Neck
6	Structure and Function of the Human Body
30	**Subtotal**

ECTS	SEMESTER 2
6	English for Dentistry I
6	Communication and Psychology
6	Dental Structure and Function
6	Microbiology and Immunology
3	Epidemiology and Statistics
3	Elective I
30	**Subtotal**

2

ECTS	SEMESTER 1
6	Pharmacology
3	Clinical Introduction
6	Dentistry
3	Preventative Dentistry I
3	Dental Pathology
6	General Medical and Surgical Pathology I
27	**Subtotal**

ECTS	SEMESTER 2
6	Applied Bioethics
1	General Anatomical Pathology
5	Anaesthesia in Dentistry
3	Occlusion
2	Preventative Dentistry II
6	Dental Surgery
6	General Medical and Surgical Pathology II
3	Basic Periodontics
1	Public Health
33	**Subtotal**

3

ECTS	SEMESTER 1
3	Masticatory System Dysfunction
5	Paediatric Dentistry I
7	Orthodontics I
6	Oral Surgical Pathology I
6	Prosthodontics I
6	Endodontics
33	**Subtotal**

ECTS	SEMESTER 2
3	Introduction to Clinical Dental Restoration
6	Oral and Maxillofacial Medicine
5	Paediatric Dentistry II
4	Orthodontics II
6	Prosthodontics II
3	Advanced Periodontics
27	**Subtotal**

4

ECTS	SEMESTER 1
6	Clinical Dental Restoration I
3	Paediatric Dentistry III
3	Orthodontics III
6	Oral Medical and Surgical Pathology II
6	Prosthodontics III
3	Periodontics Seminar I
3	English for Dentistry II
30	**Subtotal**

ECTS	SEMESTER 2
6	Clinical Restorative Dentistry II
3	Advanced Dentistry Material
3	Elective II
6	Oral Medical and Surgical Pathology III
6	Prosthodontics IV
6	Dental Traumatology
30	**Subtotal**

— Shanghai 2022 Ranking: 3rd at a national level. 151-200 section at an international level.

— FCYD 2021 Ranking: 1st.

— *El Mundo* 2022 Ranking: 3rd.

5

ECTS	SEMESTER 1
3	English for Dentistry III
3	Gerodontology
3	Legal and Forensic Dentistry
3	Paediatric Dentistry IV
3	Orthodontics IV

Electives

ELECTIVE I:

3 Classrooms Ethics

ELECTIVE II:

3 Summer Voluntary Clinical Practice in Dentistry

3 Voluntary Clinical Practice in Dentistry - Saturdays

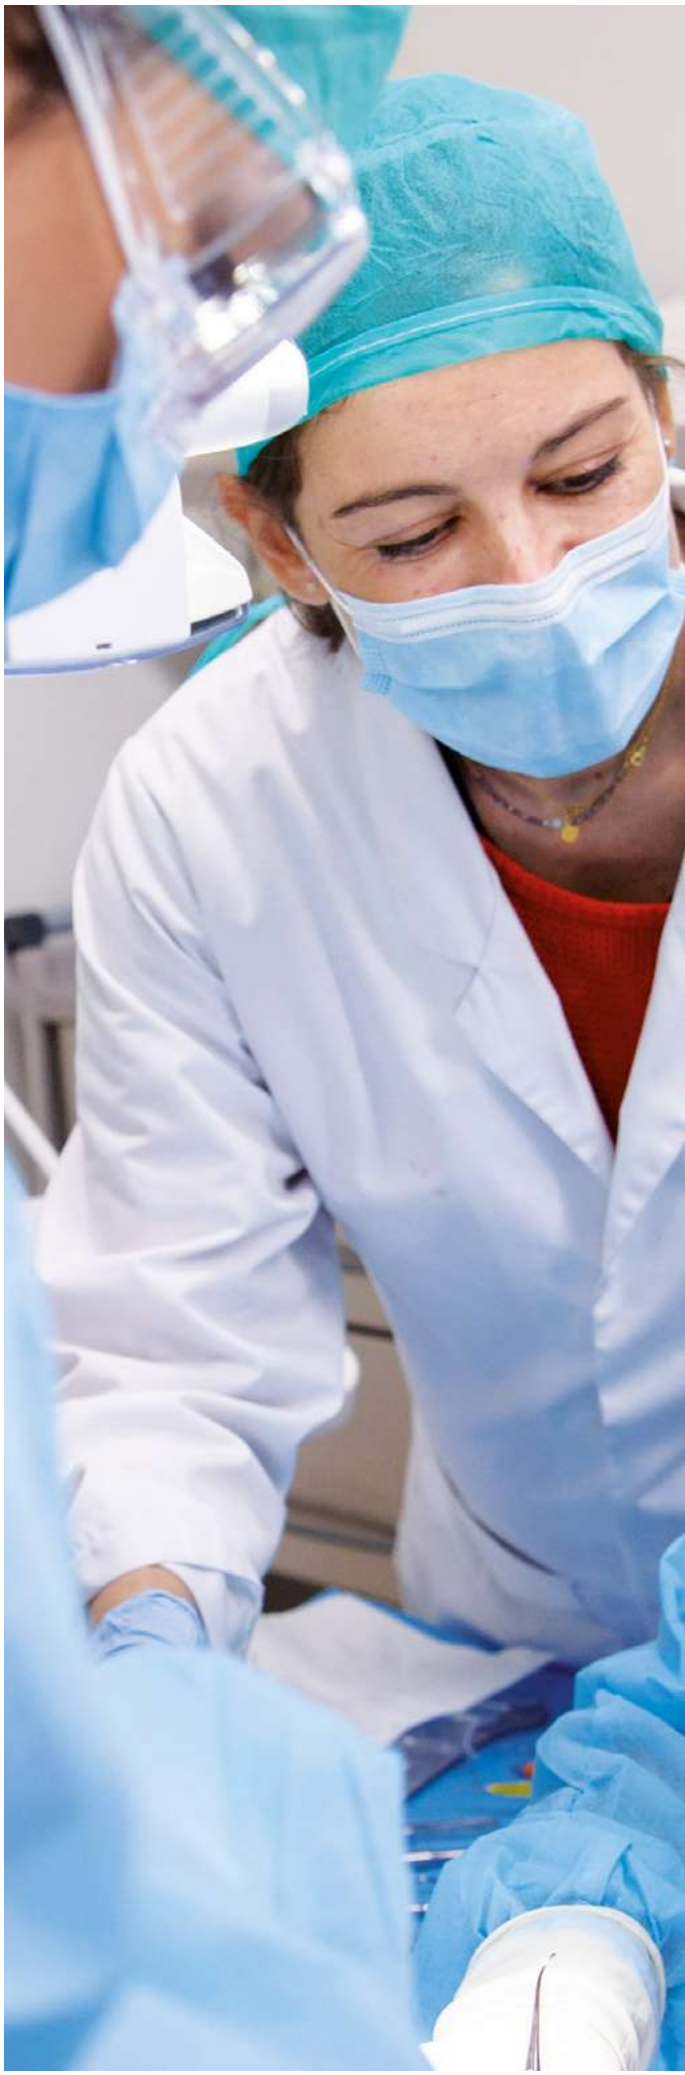

ELECTIVE III:

3 Multidisciplinary Surgery
3 Dental Aesthetics
3 Health Management
3 History of Dentistry
3 Implant Prosthetics
3 Otolaryngology for Dentists
3 Decision-taking in Endodontics

Resources and facilities

— University Dental Clinic (CUO): with 88 latest generation booths, all fitted with cutting-edge technology:
  • 4 booths for special patients
  • 16 booths for surgeries
  • Booths for conscious sedation
— Preclinical laboratory with 95 dental simulators and digital radiology for practicing dentistry using a simulator. This new laboratory allows dentistry to be exercised by students before they practice on patients.
— Two prosthetics laboratories, with the latest CAD-CAM technology in all areas of dentistry. The equipment that this laboratory includes are:
  • 3 milling machines
  • 5 intraoral scanners (3 from Lyra, 1 from 3M and 1 from Cerec)
  • 1 3D printer
  • 6 exocad design programs, 1 from 3shape and 1 from Cerec
— A dental research laboratory.
— For complementary tests we have intraoral radiology in each booth and digital imaging in all the clinics.
— An integrated television screen to broadcast operations.
— Two image diagnosis rooms, with 3 3D x-ray machines to do orthopantomographies, lateral and frontal teleradiographies of the cranium and CTs.
— Treatment planning room.
— Electronic storage in order to deliver and collect material.
— Service to sterilise the tools and equipment used.
— Recent acquisition of virtual reality simulation equipment (Simodont). With this step, virtual reality is introduced in the pre-clinical practices of students, helping to improve their training and is also a great tool as a new teaching methodology. It is another step in the innovation and improvement of the training of students.

All the resources are up to date and the university holds agreements with different industries in the sector, thus promoting the relationship between industry, universities and R+D+I .

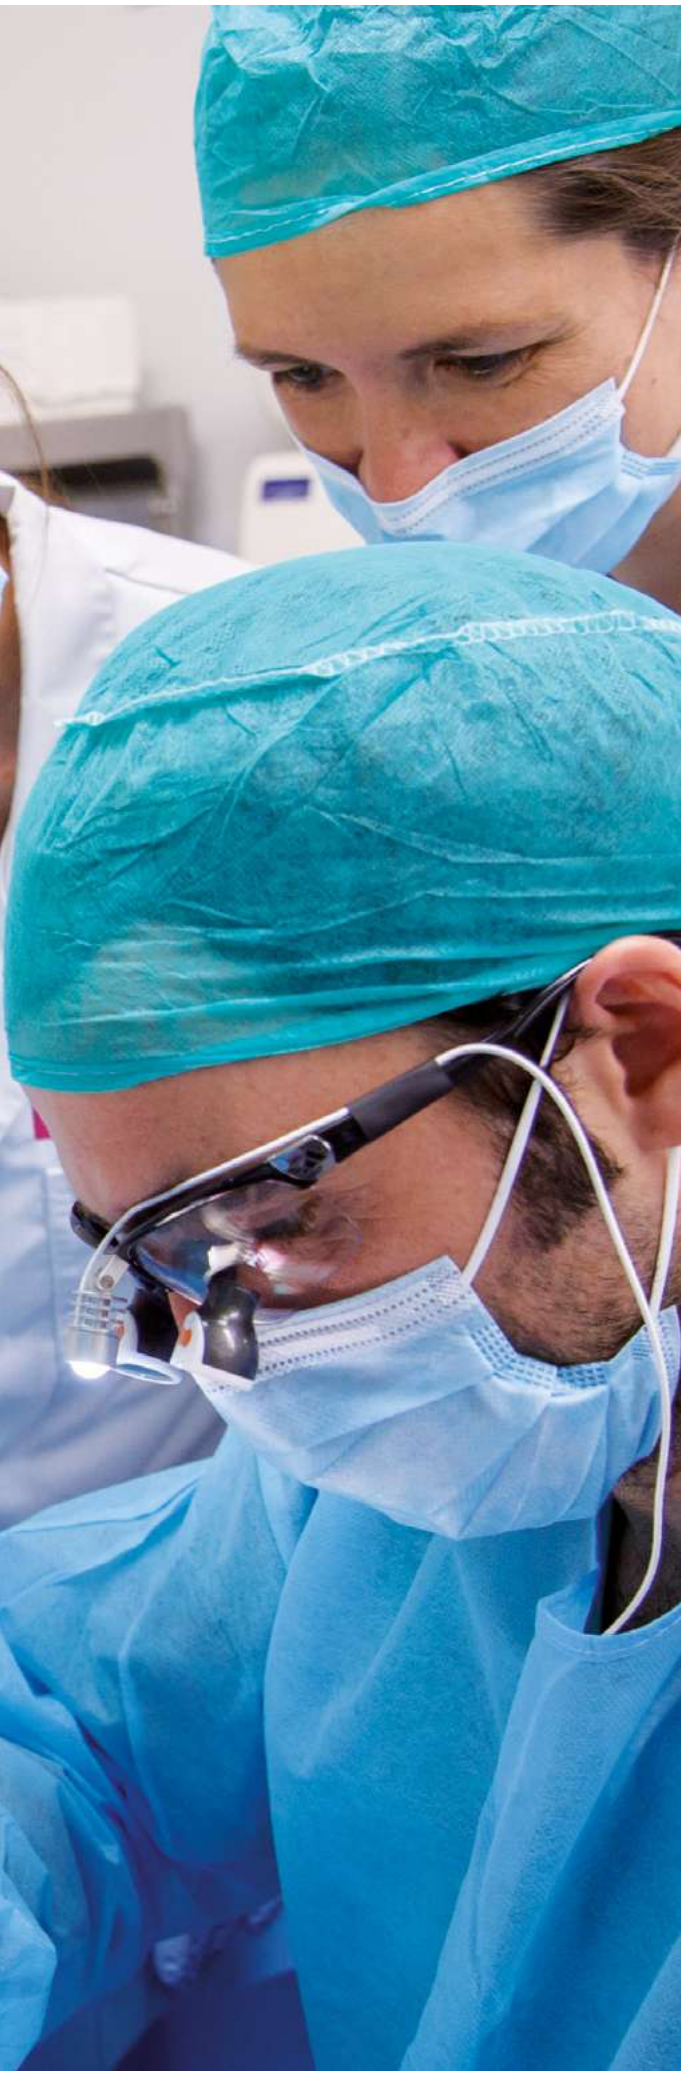

Work placement agreements

As well as the 1,150 hours undertaken in the CUO from second year onwards, 5th year students have the opportunity to learn about other dentistry situations by doing curricular work placements in the following institutions:

— Fundació Privada i Prodiscapacitats Terrassenca Prodis.
— Terrassa Health Consortium.
— Institut Català de la Salut.
— Col·legi Oficial d'Odontòlegs i Estomatòlegs de Catalunya.
— Fundació Catalonia.

We hold various agreements to promote an awareness of social responsibility among students in terms of the neediest groups or those at risk of social exclusion. We also hold agreements with SJD Barcelona Children's Hospital, the General University Hospital of Catalonia, the Children's Hospital Foundation of Barcelona and Plató Hospital.

The Faculty also encourages extracurricular work placement agreements in order to facilitate the incorporation of students into the world of work.

Mobility agreements

ERASMUS

— Medizinische Universität Graz (Medical University of Graz), Austria
— Witten/Herdecke University, Germany
